The Johns Hopkins University, represented by the Johns Hopkins University Press (the Press), shall consider publishing your contribution to the *AMERICAN JOURNAL OF MATHEMATICS* (the Journal), entitled_____

_____(the Article).

Should the Press decide to publish the Article in the Journal, you, as Author of the Article, hereby grant and transfer exclusively to the Press all rights of whatever kind to the Article, including but not limited to copyright, during the full term of copyright in the United States of America and elsewhere. The Press will register copyright to the Journal issue in which the Article appears.

Rights of the Author: You have the following nonexclusive rights: (1) to use the Article in your own teaching activities; (2) to publish the Article, or permit its publication, as a part of any book you may write or edit; (3) to include the Article in your own personal or departmental institutional database or on-line site; (4) to include the Article in your institutional repository provided the repository is institution specific and not a discipline-based database that accepts contributions from outside the institution; (5) to include your Article, if required by law, in an open access archive such as PubMedCentral. For all rights granted in this paragraph you agree to credit the Press as publisher and the copyright holder as follows:

> Copyright © **<year>** The Johns Hopkins University Press. This article first appeared in the *AMERICAN JOURNAL OF MATHEMATICS*, Volume **00**, Issue **00**, **Month, Year**, pages **000-000**.

Warranties: You represent and warrant to the Press that the Article is original, that you have full power to make this Agreement, that you are the sole author(s); **that you have not previously published, or agreed to publish, the Article in whole or in part elsewhere,** except as you have informed the Press in writing; that you have used all reasonable care to ensure that all facts and statements in the Article are true; and that the Article is not defamatory or in violation of any right of privacy, common law, statutory copyright, or other personal or property rights. **The author signs for and accepts responsibility for releasing this material on behalf of any and all coauthors.**
