Math 439: Intro to Differential Geometry – Dr Haskins

**Homework 2: 5 Feb 01**
**Curves in Euclidean space.**
Due: 12 Feb 01 at start of class

*Remember to show all your working and to write clearly and neatly.*

From DoCarmo:

- Section 1.3, problem #5.
- Read Section 1.4 (vector products and orientation)
- Do problems 1, 10 12, 13.
- In Section 1.5, problems 5, 8, 9, 11, 14
