**Helpful Things**

The TA really puts the concepts that we learn into a more fundamental context. My TA is willing to help us through difficult homework problems and while he does so, he will always be sure that we understand the general concept behind the problem which is most helpful. He explains how to solve problems step by step. The explanations and examples of material How well he explain each problem and each question Tom The clear explanations & multiple examples The manner in which the material was presented. Tom makes it clear & concise to understand Concise but informative. Generally more helpful in understanding concepts than actual class/teacher Going over problems

**Distracting Things**

Nothing really. The sections are basically focused. Nothing, I learn more in section than I do in lecture, actually. People showing up late. None Nothing Sports Room in 3rd floor

**Suggestions**

Everything is fine. I couldn't think of anything that could be improved. Nope No Nope. Solid section More sections less lecture No, everything was good

**Other Comments**

Good job. Tom is awesome!! I'm so glad he was my TA! Tom is one hell of a TA (and no I wasn't paid/bribed to write this)
