Math 421: Dynamical Systems & Chaos – Professor Haskins
Office hours for the class are: M 3-4, Tu 9-10, Th 11-12.

**Homework 10: 14 Nov 00**
Due: 21 Nov 00 at start of class

*Remember to show all your working and to write clearly, neatly.*

**Part I: Project**

Continue work on your project. Talk to me during office hours if you are having problems with it. Remember that a first draft of it is due on Tuesday, November 21!

**Part II: Discrete time systems**

Read Sections 11.1-11.2 from the photocopy of Devaney’s book “A First Course in Chaotic Dynamical Systems”.

From Chapter 11:
- Exercises 1-5.
